

## DUST TEAM – Mission and Values

<b>Mission</b>	To facilitate the adoption of leading and/or simple leading practices through a people oriented process to significantly improve occupational health in the minerals industry with specific focus on <b>ELIMINATION OF OCCUPATIONAL LUNG DISEASES</b>	
<b>Values</b>	<b>People</b>	Zero harm to people is what we care about; it is our ultimate and continuing objective.
	<b>Empathy</b>	Demonstrated alignment with people's values for safety and health and effective communication is our primary means to earning the confidence of employees and leadership credibility.
	<b>Excellence</b>	Goals and standards for our work will be consistent with the highest standards worldwide for safety and health performance.
	<b>Involvement</b>	Employees at all levels will be involved in the design, implementation and measurement of technologies and best practices that may affect them; it creates ownership and better assures success.
